

INFORMATION LETTER

NCJSC "S.Seifullin Kazakh Agrotechnical University" (hereinafter - KATU) invites you to take part in the International Scientific and Practical Conference "SEIFULLIN READINGS - 18: Youth and Science - a look into the future", which will be held on April 12, 2022 (the conference provides full-time/distance participation in online and offline format).

By tradition, the conference serves as a recognized dialogue platform for reviewing the work of students, undergraduates, doctoral students and young scientists.

Participation in the conference is an excellent opportunity to highlight your scientific work, promotes a constructive exchange of views on priority areas of scientific research, the development of innovations, intellectual skills, and the popularization of science among young people.

Students, undergraduates, doctoral students and young scientists are invited to participate in the conference.

Materials will be accepted until April 8, 2022.

The form of the conference is full-time/part-time in online and offline format.

The purpose of the conference is the publication of scientific results of students and young scientists on topical issues of modern science, the exchange of ideas and research experience. Development of creative activity of students, undergraduates, doctoral students and young scientists, involving them in solving urgent problems.

Conference working languages: **Kazakh, Russian, English.**

The materials of the reports will be posted in an electronic collection on the website of KATU in the section "Science" tab "Collections of scientific conferences" at (kazatu.edu.kz/pages/nauka/novosti-nauki_20220121052309/sborniki-naucnyh-konferencij) with international ISBN code.

The main directions of the conference (responsible for the work of the sections are presented in Appendix 1):

1. Topical issues of improving farming systems, plant protection and agro-ecological potential of soils;
2. Gene pool and selection of agricultural crops;
3. Digital transformation of the agro-industrial complex: technical equipment in the context of robotization, digitalization and smart agriculture;
4. Modern digital solutions and quality management in the food and processing industry: current aspects of health and healthy nutrition, including children and schoolchildren;
5. Current aspects of science and practice in veterinary medicine;
6. Promising directions for the development of scientific research in the field of agricultural biotechnology and animal husbandry;
7. Scientific research of young scientists in the field of social sciences and humanities;
8. Information technologies for the digital transformation of science, education and industry;
9. Modern problems of education and natural and mathematical sciences;
10. Modern technologies and innovations in the field of geodesy, cadaster, rational land and nature management, architecture and design;
11. Management of the business environment and the financial system in conditions of unstable economic relations;
12. Modern energy and automation, problems and development prospects;
13. The role of telecommunication systems in the modern world;
14. Climate change and its impact on natural systems and the environment.

Abstracts and applications for participation according to *Appendices 2, 3* must be submitted to the e-mail addresses of the section secretaries (*e-mail and contact information are indicated in Appendix 1*). **Participants must specify the format of participation in the conference in their applications.**

The Department of Science is the coordinator of the conference. Following the results of the conference, the organizing committees provide final abstracts for publication in the collection. Phone inquiries: +7 (7172) 395-548, 310-245.

Requirements for admission and registration of abstracts:

- UDC;
- abstracts that have not been published anywhere before are accepted for publication, no more than one abstract from one author; it is forbidden to indicate supervisors as co-authors;
- a list of used literature is required, including at least one source included in the Web of Science information base (Thomson Reuters publishing house);
- the volume of the thesis, including the list of references, should not exceed 4 (full) pages of A4 format (portrait orientation), typed in the MS WORD (2003,2007) editor in Times New Roman, KZ Times New Roman (12pt), spacing - single, margins: top - 2 cm, bottom - 2 cm, left - 3 cm, right - 1.5 cm, aligned to the line width and mandatory setting of automatic hyphenation;
- on the first line in the center - the title of the thesis of the report in capital letters in bold, 1 interval later, on the right edge - the initials and surname of the author, position and academic degree (in italics), 1 interval later - the city and name of the organization or educational institution (in italics), the main text starts in 2 intervals with a red line;
- the list of references is placed at the end of the text and compiled in the order of mentioning the sources, references in the text are in square brackets.

The organizing committee reserves the right to reject abstracts that do not comply with the specified requirements and do not correspond to the topics of the conference.

To cover organizational and publishing costs, the registration fee is:

- 1) for young scientists, doctoral students, undergraduates of S. Seifullin KATU and subsidiaries of KATU - 1,000 tenge (one thousand tenge);
- 2) for young scientists, doctoral students, undergraduates, students from other organizations - 2,000 tenge (two thousand tenge).

The contribution is made by transfer to the settlement account of S.Seifullin KATU with the note «*На конференцию «Сейфуллинские чтения-18»*» (meaning - "To the conference "Seifullin Readings-18") according to the following details:

NCJSC "S.Seifullin Kazakh Agrotechnical University",
